8. [REDACTED] LLM) [REDACTED] Chief, WH Division, reported that State representatives had requested access to the Director's 22 April 1974 testimony on Chile before the Nedzi Subcommittee on Intelligence, House Armed Services Committee. Since access is controlled by the Committee I informally sounded out Bill Hogan, of the Committee staff, who confirmed that access would be controlled by Chairman Hebert, that he would be glad to raise the matter himself but suggested I contact Frank Slatinshek when he returns to the office on Wednesday from his trip abroad. Hogan felt it may be necessary for State to make a representation directly to Chairman Hebert. [REDACTED] was informed.
